

PROCLAIMS NOV. 27  
THANKSGIVING DAY

President Issues Proclamation and Points to Dawn of World Peace Amid Wide Social Unrest

WASHINGTON, Nov. 5.—President Wilson today proclaimed Thursday, November 27, as Thanksgiving day in a proclamation which said the country looked forward with confidence to the dawn of an era when the sacrifices of the nation will find recompense in a world peace.

The text of the proclamation follows:

By the president of the United States of America:

"The season of the year has again arrived when the people of the United States are accustomed to unite in giving thanks to Almighty God for the blessings which he has conferred upon our country during the twelve months that have passed. A new day of peace and thanksgiving has dawned upon the nation, and the right was victorious and peace had come to the nation which had so courageously struggled in defense of human rights and justice. Now that the stern task is ended and the fruits of achievement are ours, we look forward with confidence to the dawn of an era when the sacrifices of the nation will find recompense in a world at peace."

"But to attain the consummation of the great work to which the American people devoted their manhood and the vast resources of their country, they should as they give thanks to God, remember themselves to these principles of right which triumphed through His merciful goodness. Our gratitude can find no more perfect expression than in a hearty and united participation in those principles for which the free peoples of the earth fought and died."

"During the past year we have had much to make us grateful in spite of the confusion in our economic life resulting from the war, we have prospered. Our harvests have been plentiful and of our abundance we have been able to render succor to less favored nations. Our democracy remains unshaken in a world torn with political and social unrest. Our traditional ideals are still our guides in the path of progress and civilization."

"These great blessings, vouchsafed to us, for which we devoutly give thanks, should arouse us to a fuller sense of our duty to ourselves and to mankind to see to it that nothing we may do shall mar the complete-

ness of the victory which we helped to win. No selfish purpose animated us in becoming a participant in the world war, and with a like spirit of unselfishness we should strive to aid in realizing the enduring welfare of all peoples and in bringing into being a world ruled by friendliness and good will."

Therefore, I, Woodrow Wilson, president of the United States of America, hereby designate Thursday, the 27th day of November, next, for observance as a day of thanksgiving and prayer for the coming of peace and for the realization of the enduring welfare of all peoples and in bringing into being a world ruled by friendliness and good will."

Witness my hand and the seal of the office of the president of the United States at Washington, D. C., this 5th day of November, 1919.

J. H. HAYS GAINS SEVEN POUNDS

Would Like to Shake Hands With Man Who Originated Orgatone Treatment.

"I would just like to shake hands with the man that originated Orgatone Treatment," said J. H. Hays, a well known grocery clerk for the Star Salvage company, 212 Hanson street and who lives at 1326 Main street, Fort Worth, Texas, the other day.

His stomach started going back on him about a year ago, continued Mr. Hays, and ever since that time I have been gradually going down hill. Just before I began taking Orgatone I was so weak and run down that I was forced to lay off from work for about 10 days. What little I forced myself to eat would always sour on my stomach, and I would always be miserable for hours on account of the gas from the indigestible food. I believe my trouble originally started when I took down with the influenza, at any rate my trouble seemed to have me fed hard and fast.

"I had been reading so much about the good work that Orgatone Treatment was doing that I am certainly glad that they at last convinced me to give it a trial. Well, sir, I am actually surprised at the results I got from Orgatone. Just in a short while my appetite came back, and the more Orgatone I took the more I wanted to eat, and the best part of it is, I have gained over seven pounds in weight. I can eat anything I want and never suffer from it afterwards. I am free from stomach trouble and all the troubles that follow it and I feel as full of strength and energy as I ever did, and am more than glad to recommend Orgatone Treatment to others."

Orgatone is not a so-called patent or secret remedy, but a new scientific treatment absolutely free from alcohol in any form and is sold in Tulsa by Roy B. Getman, a Retail Store, exclusively under the personal direction of a special Orgatone representative. Other agents are Rexall Store, West Tulsa.—Advt.

GREATEST OF ALL  
MAGICIANS HERE

Horace Goldin, With His "Tiger God" Sensation, Headliner at Orpheum.

Horace Goldin, the world's greatest pre-eminent illusionist, is the big attraction on today's new bill starting at the Orpheum for the last half of this week. He will present his new 1920 spectacular sensation, "The Tiger God," said to be the most astounding and extravagant illusion ever attempted by any magician in the history of the art. Goldin carries a cast of 20 people and "The Tiger God" is a show in itself. It is the same show as appeared at Convention hall a week ago at \$2 prices.

Four other good acts are on the bill making today's show one of extraordinary merit. Williams and Taylor, the dancingest blackfaces in vaudeville, will show their sensational steps, and Loos Brothers, in a comedy singing and talking act and pianologue, will offer another feature of the bill. Adonis, a new vaudeville novelty, and Paul, Levan and Miller, comedians, make up the remainder of the bill.—Advt.
